3rd International Summer School on Network and Service Management (ISSNSM 2009)

July 13 – 17, 2009
Universität der Bundeswehr München, Germany
http://www.aims-conference.org/issnsm-2009/

Scope

The EMANICS summer school 2009 will provide classes on a comprehensive suite of advanced topics in network management. These courses will be accompanied with practical hands-on labs in order to combine the theoretical background with operational experience.

Summer School Schedule

Monday July 13, 2009
ISO/IEC 20000 - International Standard for IT Service Management (Michael Brenner, Thomas Schaaf)

Tuesday July 14, 2009
ISO/IEC 20000 - International Standard for IT Service Management (Michael Brenner, Thomas Schaaf)

Wednesday July 15, 2009
Self-Properties (Michael Zapf)

Thursday July 16, 2009
Malware detection with Machine Learning Methods (Thomas Stibor)

Friday July 17, 2009
Anonymity: Tor and I2P (Jens Kubieziel)

Organization
- Gabi Dreo Rodosek
- Iris Hochstatter
- Björn Stelte

Location
Universität der Bundeswehr München
Institut für Technische Informatik
Werner-Heisenberg-Weg 39
85579 Neubiberg
Germany

Registration
The number of students that can participate is limited to 30. It is, therefore, important to register early, which will be handled on a first-come-first-serve basis. Preference will be given to Ph.D. Students.

Registration fee
- Early bird rate (until June 15, 2009): 170,- €
- Normal rate (after June 15, 2009): 200,- €

Payment may be made by bank transfer or upon arrival in cash.
